ALLEGED CHINESE SLAVERY IN HONGKONG.

We give from the Blue Book, so headed, th following despatches as a first instalment:-GOVERNOR J. POPE HENNESSY, C.M.G., to the RIGHT HON. SIR MICHAEL HICK BEACH. BART. (Received March 4th, 1880.) Government House, Hougkong,

January 29rd, 1880. Sig.—On the 6th of last October (1879) Chie Justice Sir John Smale, in passing sentence on some Chinese prisoners, convicted in one case of purchasing a female for purposes of prostitution, and, in other cases, of kidnapping children, delivered an able and elaborate judgment on the existence of slavery in Hongkong. I have the honour to lay before you a copy of that judgment, together with a copy of a letter dated the 20th of October from the Chief Justice to the Chief Justice declared that "two specific classes

of slavery exist in this Colony, to a very great extent, viz., so-called domestic slavery and slavery for the purposes of prestitution." wards the ond of his judgm at he pointed out that Imperial Acts of Parliament as well as local ordinances rendered illegal any form of slavery in this Colony: he expressed the opinion that all the officers of the Crown in Hongkong (including himself) had hitherto failed in their duty in this matter, and he said the number of slaves in Hongkong had been estimated at from 10.000 to 20.000. His Honour, however, was pleased to add: "Of this I feel assured, by his pravious acts, that his Excellency the Governor will actively promote all such proceedings as will tend to enforce the laws against slavery here, so that this Colony may become as free from that taint as my other Colony under the British Crown by unforcing laws already in

however stringent, that shall free this Colony effectually from all slavery." 3.—I occupat exactly say what previous acts of mine the Chief Justice had in his mind when he sizes to suppress the practice of parties adopting kind they desire. But, in order to obtain official to time, made some efforts to expose and check a form of slavery, and of buying and selling children, children from their parents, under such directions. It is true that I had, Irom that the parents by the institution of criminal made known to and approved by the Colonial proceedings against parties obtaining possession of Government. In the evidence before the Coroner observed that a person paid by the Department to induce Chinese women to prostitute themselves and then inform upon them, had sworn that one of the deceased women. Tai Yan, had kneeled before him and begged for mercy, saying she had been previously fined \$100 and had had to sell her child to pay the fine. 5.—My attention being drawn to such a circumstance, it was clearly my duty to institute

an inquiry and to report the facts to Her Maiesty's Government. Accordingly, in writing to the Earl of Carnaryon (Despatch of the 6th of December 1877). I quoted the evidence at the Coroner's inquest. and added: "I am now informed that the <u>' Commissioners have obtained from the records</u> of the Registrar General's Department and from Mr. Smith's evidence the elegrest proof that this practice of selling human beings in Hongkoug was well-known to the Department. One of the records has been shown to me in which a witness swears, 'I bought the girl, "Chan Tsoi Lim, and placed her in a brothel in Hongkong,' and on that particular piece of evidence no action was taken by the Department. -What then did His Excellency say under the sions of famine, the one in the North of China and the other in the West of Ireland the Chinese had contributed munificently; so much so as to dwarf the contributions of the poor decaying foreign merchant. So far from there being any analogy the two cases are as dissimilar as possible. The natives of India are pure and simple British-India subjects. They have castes and religious and peculiarities, but they have no other nationality except ours. They do not belong to an Empire which detests and desires to oust us, and which is but a few miles distant. Governor Hennessy may dislike his country, but he will find that his China friends do not dislike theirs.
